SUMMARY

Aspiring business analytics student with 5+ internship experience; proficient in business and data analysis (Python, SQL, R, SPSS, Tableau); detail-oriented and strong in cross-functional collaboration. Actively looking for full-time job

EDUCATION

Washington University in St. Louis - Olin Business School | St. Louis, MO Aug 2023-Dec 2024
Master of Science in Business Analytics - Customer Analytics GPA: 3.77/4.00

- Coursework: A/B Testing, Machine Learning, Marketing Strategy, Brand Management, Marketing Analytics, Database Design, Data Science, Data Visualization, Text Mining

Barnard College, Columbia University | New York, NY Sep 2020-May 2023
Bachelor of Arts in Psychology; Minor in Statistics GPA: 3.83/4.00

- Dean's List (Fall 2020, Spring 2021, Fall 2021, Spring 2022, Spring 2023); Department Honors (Senior Thesis)

WORK EXPERIENCE

Business Analyst Graduate Intern Jun 2024-Aug 2024
NYC Department of Environmental Protection (DEP) New York, NY

- Led the development of a Power BI dashboard for Payment Process Cycle Time with Python and Excel, gathering business requirements and working with data visualization specialists to ensure accuracy and improve operational efficiency by 25%
- Conducted data analysis with Python to optimize the hiring process, identifying steps to reduce time from hire to onboarding
- Initiated discussions with the Data Management team to explore enhancements in data storage and management practices at DEP

Marketing Analyst Intern Jun 2024-Sep 2024
Cre8tive Capital Chicago, IL

- Monitored and evaluated key marketing metrics (e.g. traffic, views, & clicks) using Google Analytics, identified weekly and monthly trends, and provided key insights and strategic recommendations to senior management
- Improved SEO strategies through in-depth market research, customer analysis, competitive analysis, and keyword research, increasing organic traffic by 5%
- Collaborated cross-functionally with the Business Development and Social Media Marketing specialists to design and implement data-backed sales and marketing strategies

Business Intelligence Analyst Intern Jul 2022-Sep 2022
RANE (Risk Assistance Network+Exchange) New York, NY

- Orchestrated a Fraud Stories Portfolio as a precursor to the company's new risk management product by analyzing 20+ investment fraud reports in financial services, cryptocurrency, art, and agriculture industries
- Performed due diligence research on a dozen of individuals and enterprises by examining quantitative and qualitative information on media appearance, litigation history, watchlist appearance, and regulatory issues
- Communicated with executives and various stakeholders to share insights from my research reports and projects

PROJECTS

Marketing Research Analytics Project Sep 2023-Dec 2023

- Led market research using industry databases (IBISWorld, Mintel), followed by a self-designed questionnaire on Qualtrics to gain customer insights
- Performed a series of statistical analysis (t-test, chi-square, regression, clustering) on 500+ responses in Python, identified 3 customer segments, and characterized the segments using cluster profiling techniques
- Developed targeted sales strategies for each segment, and compiled all insights into a presentation for the client
